Hi Sheryl,

No, I am not. :-) Elissa Reaves is our Acting Director. I was just helping out with scheduling this meeting because Billy (who normally handles it) was out of the office sick last week.

We wanted to offer to discuss any of the recently published documents, including the triazine PIDs, neonic PIDs, and the glyphosate ID, in case OPMP has any questions/comments. We could also talk about what's on our schedule for the rest of this quarter and next quarter. We don't have any other specific topics.

I just checked calendars for Tues 2/18; everyone is pretty booked. We could do 3:00-4:00 pm, except that Elissa has a competing meeting that I think she is going to have to attend. But Billy and the BCs are free then.

Let me know if you'd like to meet next week or wait until March 12th.

Thanks,
Kelly Sherman

Hi Kelly,
Do you know if there are items for an agenda? I think we have one to discuss but it won't take a full hour. If so, does next Tuesday, February 18 work?
Are you Acting Director for PRD?
Thanks,
Sheryl

Hi Sheryl,

OK, thanks. Do you want to wait to meet until March, at our normally scheduled meeting (Thur 3/12 at 2:00 pm), or should we try to find another time this month?

Thanks,
Kelly

Hi Sheryl, Clayton, and Izzy,

Hope you all are doing well. Billy has been sick much of this week, so he hasn't had a chance to reach out to you about our meeting scheduled for next Thursday 2/13 at 3:00 pm. Elissa asked me to touch base. Does that meeting day/time still work for you?

Also, we wanted to check in on what topics you would like to discuss. As you know, we have published a lot of significant things within the past month or so, including the triazine PIDs, neonic PIDs, and the glyphosate ID. We'd be happy to talk about any of those, or any other PRAs/PIDs/IDs that were announced this week in the quarterly FRNs. We could also talk about what's on our schedule for the rest of this quarter and next quarter.

Thanks for your input and have a good weekend.

Thanks!
Kelly
